EXPERIENCE

Assistant Designer, Womenswear

April 2024 – January 2026

Vince · Los Angeles, CA

- Collaborated with the Womenswear Soft Woven's team to deliver seasonal collections, including print and pattern development.
- Owned end-to-end Bill of Materials (BOM) management, ensuring accuracy across cross-functional departments.
- Streamlined communication between design, production, and merchandising teams to maintain seasonal timelines.
- Maintained and organized the garment archive, improving team access and reference efficiency.

Womenswear Designer & Founder

January 2021 – Present

danbi · Los Angeles, CA

- Conceptualized and executed annual womenswear collections from initial ideation through final production.
- Directed all creative output across garment design and original print creation, maintaining a cohesive brand identity.

Freelance Designer

March 2022 – Present

Various Clients · Los Angeles, CA

- Delivered print designs for contemporary womenswear brands, translating trend research into commercially viable artwork.
- Provided design assistance to a luxury fashion house, supporting seasonal development processes.
- Produced CAD illustrations for an NFT fashion startup to communicate design direction and product vision.

Print / Textile Designer

April 2021 – March 2022

Libertine · Los Angeles, CA

- Translated complex print concepts into finished textiles and fabrics in close collaboration with the founder and production team.
- Coordinated creative special projects with Desigual and Schumacher, managing creative and production requirements.

Womens RTW Design Graduate

September 2019 – April 2020

Stella McCartney · London, UK

- Supported the Womenswear RTW Design team with a focus on Print throughout the development and creation process.
- Prepared lineup presentations, moodboards, and CADs for design fittings; developed sample techniques and toile concepts.
